## 2019 - 9<sup>th</sup> Annual Course of the Academy of the Swiss Society of Clinical Neurophysiology

### To:

- Participants to the courses;
- Faculty members;
- Members of the Swiss Society of Clinical Neurophysiology (SSCN);
- Members of the Swiss Society for Ultrasound in Medicine, Vascular Section (SSUM)

Dear colleagues,

This information is for the participants and faculty members of the 9th Annual Courses of the SSCN-Academy. As usual, there will be three courses:

**Electroencephalography, Electroneuromyography, Neurosonology.**

All courses take place in Berne, please refer to the map of the Inselspital to locate the venue for the course of your interest. From Berne, most of you will be able to return home overnight. If you have to stay in Berne overnight, you can book a hotel room on platforms like [www.trivago.com](http://www.trivago.com) or [www.booking.com](http://www.booking.com).

### Participants and general information

The courses are intended primarily for residents and fellows during their year of Clinical Neurophysiology, however technicians, senior neurologists and foreign MDs involved in Clinical Neurophysiology are also welcome. Starting from the first edition that took place in 2011, courses have been progressively modified to comply with the suggestions of participants and teachers.

The Neurosonology course will again gather teachers and members of both SSCN and SSUM (Swiss Society of Ultrasound in Medicine). Dr. G. Kägi and Prof. P. Lyrer organize an attractive course that complies with the rules of the two Societies.

### Dates and classrooms

Courses in **2019** will take place on Fridays and Saturdays as follow:

- **March 1/2**                      **Electroencephalography**  
Venue: Inselspital Berne, Hörsaal Dermatologie,
- **March 29/30**                 **Neurosonography (Abschlusskurs Duplexsonographie supraaortale Gefässe SGUM)**  
Venue: Inselspital Berne, Hörsaal Dermatologie,
- **April 5/6**                        **Electroneuromyography**  
Venue : Inselspital Berne, Hörsaal Dermatologie.

### Goal of the Courses

- To improve basic knowledge and training in neurophysiology;
- to prepare for the annual exams;
- to give the opportunity to teachers and experts to exchange with participants;
- to discuss and possibly standardize teaching methods and requirements in Switzerland.
